California Department of Education
School Accountability Report Card
Reported Using Data from the 2015–16 School Year

For Achievekids North ...School

Address: 3860 Middlefield Road, Palo Alto
Principal: Thomas Drechsler

Phone: 650 494-1200
Grade Span: K-12+

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document, the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.

School Description and Mission Statement (School Year 2016–17)

Achievekids has been serving Santa Clara, San Mateo, and Alameda counties for more than 50 years by providing programs and services for children and youth who have difficult emotional and developmental disorders that cannot be properly addressed in a traditional academic setting. To meet this need, intensive individualized programs have been developed specifically to address the issues presented by a variety of diagnoses, such as autism, psychotic disorders, mental retardation, and conduct, mood, and attention deficit disorders. Our programs are designed for high-need children, adolescents, and young adults, ages 6 to 22. We have the ability, unlike public schools, to work with these young people on a focused one-to-one level with trained staff and specially designed facilities. Our goal is to foster more independence and self-reliance for each student, through teaching our students the skills to transition to a less restrictive educational setting or vocational placement. Our goals are accomplished through a working partnership with the child, the family, and the community. Achievekids has school campuses in Palo Alto and San Jose.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Achievekids facilities are spacious, remodeled facilities, which are kept clean and in good repair by our own maintenance and janitorial crew. The school has modern playground facilities, bathrooms, showers, kitchens, a sensory room, and mental health therapy rooms, plus classrooms designed to meet specific needs of the students in each classroom. The school is located in a multiple use neighborhood, close to other schools, public transportation, restaurants, grocery stores, a new public library/ community center and a public park with playground equipment designed for children with disabilities. As part of a comprehensive safety program covering emergency response, earthquakes, safe use of tools/equipment, we conduct safety walkthroughs of the site on a regular basis. Additional information about the condition of the school's facilities may be obtained by speaking to the school principal.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 9/16

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015–16)

Achievekids vocational program has several components. Students begin working on pre vocational skills in the classroom in their elementary years. At age twelve, students begin more formalized training by performing specific campus based jobs. By age 14, some students may participate in community based work. At age 16, an ITP is developed and students may enter our Workability I program and receive paying jobs in the community. Between the ages of 18 and 21, students are identifying preferred work and choosing a possible career path

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016–17)

Achievekids offers many opportunities to volunteer. If you are experienced in web design, newsletter creation, technology or marketing, your help is appreciated. We also hold several major school wide events throughout the year, which always need volunteer support. The Peninsula Children's Auxiliary presents Festival of Trees each year to benefit Achievekids and is looking for volunteers. If you are interested, you can contact them at www.festivaloftrees.org or by calling (650) 306- 0462

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Professional Development

- School staff attends once monthly professional development trainings centered on positive behavioral interventions, teaching strategies, student mental health issues, learning technologies, etc.
- Teachers trained in Reading Horizons Curriculum, I-Ready Curriculum and Assessment, Unique learning system, Discovery Education Science Curriculum, and Sandi Assessment Tool
- Teachers trained in SEIS and SIRAS on-line IEP systems
- Annually all school staff are certified in Safety Care Behavioral safety training
- Additionally each staff person is annually awarded a professional development stipend that may used to attend conferences, workshops and university courses.

School staff meets regularly for individual coaching sessions with school principal and certified behavior analysts.
