California Department of Education
School Accountability Report Card
Reported Using Data from the 2015–16 School Year

For AchieveKids, San Jose

Address: 1212 McGinness Ave

Principal: Skye Cary

Phone: (408) 928-5777

Grade Span: K through Post-Secondary

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document, the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.

School Description and Mission Statement (School Year 2016–17)

AchieveKids has been serving Santa Clara and Alameda counties for over 50 years by providing programs and services for special needs children and youth who have difficult developmental and behavioral disorders that cannot be properly addressed in a traditional academic setting. To meet this need, intensive individualized programs have been developed specifically to address the issues presented by a variety of diagnoses, such as autism, psychotic disorders, intellectual disability, and conduct, mood, and attention deficit disorders. Our programs are designed for high-need children, adolescents, and young adults, ages 5 to 22. We have the ability, unlike public schools, to work with these young people on a more focused level with a high staff ratio (one-to-two) and educational teams comprised of educators and specialists in the fields of behavior, communication, occupational therapy, mental health, and vocational training. Our goal is to foster more independence, self-reliance, and to facilitate an ultimate return to success in a public school setting. This goal is accomplished through a working partnership with the child, the family, and the community. We have two school campuses, one in Palo Alto and one in San Jose.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2014–15	School 2015–16	School 2016–17	District 2016–17

School Facility Conditions and Planned Improvements

Approved certification

Our school employs a maintenance team to conduct repairs as needed through the school year. Repairs are ongoing as needed. No Corrective actions needed.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: _____

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015–16)

Achievekids San Jose does not offer an academic-focused secondary program leading to a diploma. All of our students of that age study a functional-skills curriculum, as per their IEP team decision. These students are eligible to participate in our Vocational and Workability programs, as determined by their school team. In this program, they can participate in volunteer or paid work training opportunities and job coaching, as well as skills connected to vocational development (ex. accessing public transportation, understanding banking and budgeting) as appropriate to their individual needs.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016–17)

Classroom teachers communicate with parents/caregivers through daily notebook entries or individual student “point sheets”. Parents are provided with contact information to email teachers and other specialists, as well as to call after school hours. They are also encouraged to observe in the classroom and to request meetings with any specialists as needed. Our school site has an annual event during summer in which all families are encouraged to attend in a relaxed environment along with their students and our staff.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Professional Development

Professional development is supported in several ways at Achievekids. Each classroom holds a weekly team meeting which includes specialists, sharing of information, and mini-trainings in specialty areas pertaining to the students in that classroom. Monthly All-Staff meetings are held in which short trainings are presented (mandatory reporter training, behavioral intervention methodology, etc.). Teacher meetings are held monthly to cover pertinent topics and discussion-based trainings. Department meetings are held regularly to share expertise and keep up with latest “best practice” information. Trainings are provided to teachers on an as-needed basis regarding adopted instructional curricula. Each staff is allotted an amount of funding per year for outside trainings, and specialists are allotted an addition amount for continued training in their specialty area. New staff orientation is undergoing further development and beta testing at this time.
